SIR

With reference to your letter No L 498/M1 120-41-2 dated the 23rd July 1941 calling for the explanation of the President of the Municipal Council, Nanjangud, for not taking adequate measures to reduce the arrears of Municipal taxes, I have the honour to forward herewith the explanation of that Officer

2 The President points out that the Mohatarfa accounts of the Municipality had not been audited since 1929-30 and had fallen into a state of confusion It was necessary to scrutinise the entries in the Ledgers of several years and work out correct balance in respect of each Ledger account Unless this preliminary work was done, the collection could not make much headway Accordingly, with the sanction of Government, a special Auditor was employed and he audited the accounts till the end of 1939-40 After the audit was completed,Ledgers were written up The President has given facts and figures to show that the collections under Mohatarfa in 1940-41 were the highest for the last ten years The arrears now outstanding are a little over a ten thousand rupees Out of this amount, Civil Suits have been filed in respect of Rs 3,000/-, and the question of remitting or writing off a further sum of nearly Rs 3,000/- is under consideration before the Municipal Council According to the statement furnished by the President, excluding the above items, the recoverable balance on the 1st August 1941 was Rs 3,721-0-0 only against an annual

Sir

With reference to your memo No DO-483/40-41 dated 1st August 1941, forwarding letter no L 483/M 1 120-41-2 dated 23-7-1941 of the Secretary, Law Department, Bangalore, calling for my explanation for not taking adequate measures to reduce the arrears, I have the honour to state that the Nohathurfa accounts of the Municipality were in a state of great confusion and had not been audited since 1929-30 There were many errors in the individual demands and the accounts could not be relied upon for adopting coercive measures straight away The fact was brought to the notice of Government and their sanction to get the accounts from 1929-30 to end of 1939-40 audited by a special auditor was obtained The special auditor appointed in G O no L 7746-7/M 1 57-39-12 dated 9-8-1940 for 2½ months to audit the accounts from 1929-30 to end of 1934-35 took up the audit work on 11th May 1940 His term was extended till the end of January 1941 in G O nos L 1234-5/M 1 23-40-13 dated 2-9-1940, L 4476-7/M 1 23-40-15 dated 10-12-1940 and L 5370-74/M 1 23-40-17 dated 6-2-1941, to complete the audit of accounts till the end of 1939-40 As many errors and omissions were found in the individual demands during the course of audit bills could not be written up till December 1940, that is, till the audit was almost completed Khathas were completed only in the month of January 1941, after which bills were issued Till then the taxe

due in respect of cases wherein no discrepancies were found and were not disputed by the parties were being recovered by the executive by making demands personally, from going house to house

As observed in the inspection notes of the Deputy Commissioner, 2050 bills were issued to all the khathedars and 1486 were served 564 bills had been left unserved at the time of inspection Of these 564 bills, 230 relate to the amounts which had been received on personal demands before their service on the parties concerned The rest relate to the arrears outstanding from the parties whose addresses are not known as they have left Nanjangud A good number of these relate to arrears of shop tax due from parties who have left Nanjangud for good long ago without giving intimation to the Municipality As the addresses of the parties are not known to the Municipality, these bills could not be served The amount due on these bills are found to be irrecoverable A list of such cases was prepared and kept before the Municipal Council at its meeting held on 30-6-1941 and they have referred the subject to a committee for further verification and submission to the Council with their recommendations The report of this committee is not yet received They have been reminded

3 532 notices have been issued in cases in which payments were not received, after the service of bills A sum of Rs 3320/- was recovered through the issue of notices

126 Distraint Warrants involving a sum of Rs 1047-10-8 were issued by 30-6-1940 53 warrants involving a sum of Rs 738/- were executed in full settlement In the remaining 73 cases the amounts involved related to more than three years The part payments made by the parties were adjusted towards the arrears exceeding three years, keeping the warrants unexecuted to avoid as far as possible filing of civil suits for the small amounts due from the people who are mostly poor and to, avoid unnecessary hardship on them

On account of confusion that existed in the accounts, the executive could not with any assurance adopt coercive

coercive measures against the parties and had to go a bit slowly and carefully to avoid complications and unpleasantness

5 The enclosed comparative statement from 1931-32 to end of 1940-41 will show that the collections made during 1939-40 and 1940-41 were considerably greater than in the previous years, and the collections made during 1940-41 as the highest so far made

The opening arrears as it stood on 1-7-1939 were Rs 14,658/- and the demand for 1939-40 under taxes was Rs 11,468/- thus making an aggregate demand of Rs 26,126/- Against this, a sum of Rs 13,633/- was collected and Rs 1671/- remitted leaving a balance of Rs 10,817/- on 1-7-1940 As the accounts had not been audited, the arrears were only provisional carried from year to year

During the special audit, the special auditor raised the arrears by Rs 3624/- being the demands left off from the accounts since 1929-30 The total arrears at the beginning of the year 1940-41 as certified to by the Auditor was thus Rs 14,441/- Adding to this the demand for 1940-41 the aggregate demand was Rs 27,487/- Against this Rs 15,479/- were collected and a sum of Rs 1651/- was remitted and written off the accounts as irrecoverable leaving a balance of Rs 10,357/- at the close of the year 1940-41

6 Suits have been filed in the Munsiff's court for the recovery of Rs 3000/- Decrees have been obtained in most of these cases Execution proceedings are being taken vigorously

A remission and writes off list involving Rs 2950/- has been placed before the Municipal Council This has been referred to the Managing Committee for further verification and its report is awaited Deducting the amount of Rs 3000/- under civil suits and the amount of Rs 2950/- under irrecoverable arrears placed before the Municipal Council for sanction to write off the amounts from the accounts, it will be seen that the actual balance recoverable under coercive measures or otherwise through the Municipal executive is only Rs 4407/- as against the arrears of Rs 14,441/- that was shown under arrears on 1-7-1940 after special audit A major part out of this amount is due from very poor people who do not own sufficient moveable properties for attachment and

recovery To avoid unnecessary hardship that may be caused by attaching their moveables and filing of civil suits, personal pressure is brought to bear upon them by the executive and the amounts recovered in easy instalments Out of the recoverable arrears of Rs 4407/- a sum of Rs 680/- has been recovered in the month of July 1941 Strict check is being exercised on the collection staff to see that no slackness is allowed to creep in A greater part of the outstanding recoverable arrears is expected to be collected before the end of December 1941

8 A statement of yearwar collection made by personal effort in cases where the arrears exceeded three years as also a Demand, Collection and Balance statement are enclosed for kind perusal

9 It may kindly be seen from the above that there has been no slackness either on my part or on the part of the executive in the collection work As already stated the collection has been the highest during the year 1940-41 Personal pressure is brought to bear upon the parties to avoid unnecessary hardship There was certain amount of delay in issuing notices etc ,on account of the special audit occupying a good part of the year Civil suits have been filed in many cases to avoid loss of revenue by limitation etc Remission lists have been placed before the Municipal Council for all the irrecoverable arrears
